

## ROUND ROCK CHAMBER

### Automated Payment Options for Investment Dues

The Round Rock Chamber offers two new payment options for investment dues in which you can elect to have your investment dues automatically deducted from your bank account or credit card on either a quarterly or annual basis depending on your level of investment.

Investor changes in plans must be made in writing (or via email) at least thirty days prior to the effective date of requested change to avoid a \$25.00 service charge. A reminder email of the pre-authorized payment will be sent thirty days prior to the credit card charge or bank draft.

The Round Rock Chamber may adjust the annual investment dues with a written notice to investors.

A \$25.00 service charge will be billed for insufficient funds.
